TAKE ACTION:

WE WILL HELP YOU STEP BY STEP

A NEW START:

Do you receive benefits from the UWV/Participatiewet, or are you at risk of becoming unemployed? Do you need support in finding another job, or different activities, or increased social participation, or work? Then you may be eligible for a paid program that helps you reintegrate into work and society.

YOU ARE THE FOCUS:

Is the Dutch language difficult for you? Do you want support and coaching that takes your cultural background into consideration? Do you want to be viewed with openness, free of judgement and with equality? Your process is our focus and our services are tailored to your needs.

HOW WE WORK:

After an informal appointment, you decide whether you will feel comfortable with the Bilan coach. After that a joint plan is made to work towards increased social participation, education or work. You are an equal partner in this process.

ABOUT US

Bilan works with coaches from different cultural backgrounds. Some coaches speak several languages. If possible, and if it is important to you, we can provide coaching in your own language. Cultural awareness and sensitivity are at the core of our work.

OUR SERVICES

-  Social participation
-  Regaining employment
-  Educational support
-  All our work meets the requirements of the UWV
